# Use the Professionals

Registered Contractor (Commercial)

# That BALI difference

Founded in  
1972

The British Association of Landscape Industries (BALI) is the leading Trade Association for Landscape Contractors, Designers and Suppliers.

Over 1,700 members,  
of which more  
than 850 are  
Registered

# 50+

Covering 50+ disciplines  
from hard and soft  
landscaping, irrigation,  
playground installation,  
roadside construction and  
maintenance and ground  
reinforcement systems

BALI members have been creating  
beautiful schemes for over 45 years,  
deploying the very best skills and  
latest products and materials to  
deliver projects that not only  
transform spaces but also inspire  
future generations to enjoy the rich  
and diverse landscape around  
them and improve the quality  
of life for everyone

# Looking to transform public and private spaces

**BALI's Registered Contractors have a combined turnover into the billions, demonstrating the size and scale of some of the leading Landscape Contractors in the UK.**

For over four decades, some of the country's leading BALI Registered organisations have delivered multi-level commercial projects, transforming public and private spaces and creating environmentally friendly and sustainable landscapes.

From the supply and maintenance of indoor planting to the design and build of retail, housing and public realm sites, our BALI Registered members offer a landscaping service that's just right for you.

A variety of small, medium and large businesses can provide you with a suite of professional tools to help deliver on-time and to budget, whatever the weather!

# Confidence in BALI and its members

Registered Contractor members undergo a stringent vetting process, including the review of business documents. Trade and client reference checks are also carried out to ensure the highest levels of service and workmanship have been provided.

Registered members undergo a site visit, whereby they are inspected by a trained assessor to review the companies internal processes, which are scrutinised along with evidence of workmanship. Only on successful completion of this visit will membership be granted.

Finally, applicants agree to BALI's Terms and Conditions of Membership and strict Code of Conduct. This ensures our members are fully committed to maintaining and improving the landscape sector by seeking to achieve and maintain the highest standards of business and professional expertise.

A photograph of a modern courtyard. In the foreground, there is a long, low wooden bench with a metal frame. Behind the bench, several large potted plants, including a tall bamboo-like plant and various ferns, are arranged. To the left, a set of stairs with a metal railing leads up to a building entrance. The building has a mix of brick and white-painted walls, with large windows and an arched doorway. The overall atmosphere is bright and airy, suggesting a peaceful outdoor space.

# Peace of mind from BALI

Our members undergo a Quality Standards Review (QSR) to ensure they are maintaining the required standards of BALI membership. In the unlikely event that your project does not go as planned, rest assured that BALI is here for you.

We offer a complimentary Dispute Resolution Service (DRS) which provides an easy-to-use, accessible mediation platform in case things don't go as planned. Although the service does not provide legal advice, it can offer a welcome relief if communication breaks down between you, the client, and the Contractor.

For further information about this service please visit [bali.org.uk](https://www.bali.org.uk)

# Outstanding commercial developments and construction

BALI Registered Contractors are the leading authority on commercial landscape design, build and maintenance.
